So happy to finally share this! My short film "Traces" will take part of Écrans Urbains 2020, and will be presented at the Musée Cantonal de Beaux Arts de Lausanne, as part of the awarded and finalist videos of the TRANSFER Architecture Video Award 2019.

Set up as a series of workshops, the project "Traces" gave free space for young people to have a voice on what is happening around them, through a methodology that aimed to visualise how the youth perceive, understand and relate to their urban environments.

This cinema encounter will take place from 16-21.12.2020 in Lausanne.

Check its amazing program and films here: <https://lnkd.in/jene9Cgp>

And take a look at the full version of "Traces" here: <https://lnkd.in/jQ-3cNS>
