

Battlebots

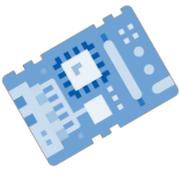

Tu primera máquina de pelea

Agenda

1. Equipo docente + Objetivos
2. Motivación
3. Unidades temáticas + Actividades
4. Cosas Administrativas 🤨
5. Tareas

EQUIPO DOCENTE

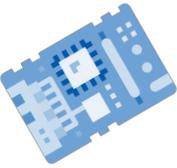

COTE

EL PROFE UUU

LESLIE MAJO

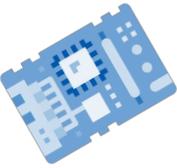

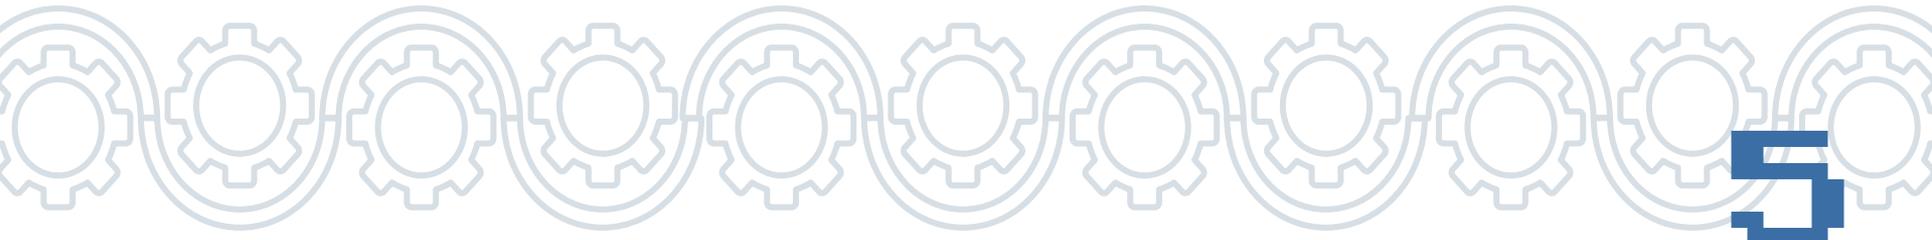

Objetivos

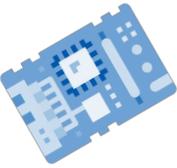

- Tener una experiencia práctica de desarrollo de productos basados en la integración de tecnologías
- Ser capaz de expresar de manera eficaz, clara e informada sus ideas
- Realizar actividades colaborativas, relacionándose con otros con respeto
- Cuestionar, observar y explorar alternativas, para generar procesos de búsqueda y descubrimiento de soluciones novedosas e inusuales

EVALUACIONES

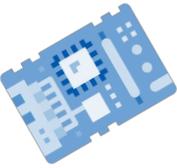

FORMATIVAS
(sin nota)

Tareas semanales

- Se trabajan presencialmente en el horario auxiliar

SUMATIVAS
(con nota)

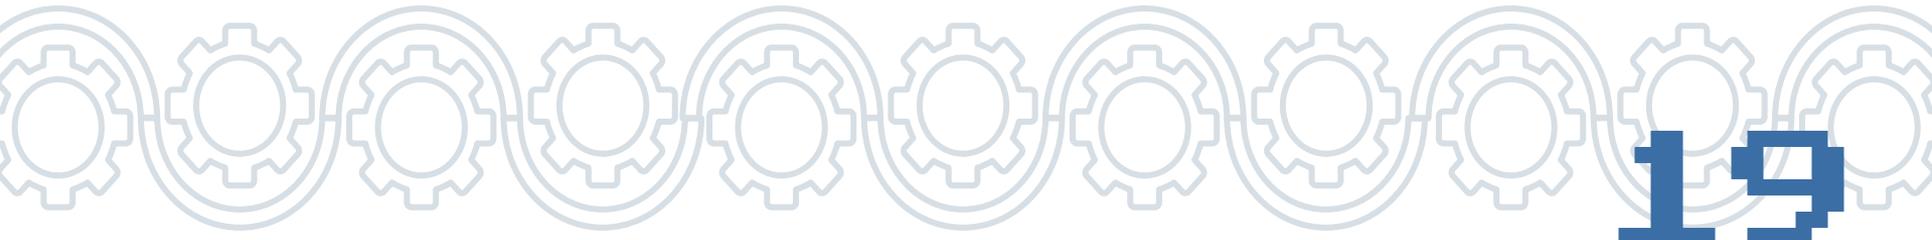

Tarea 0.1: Inspo

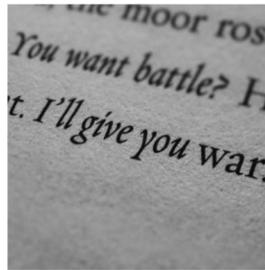

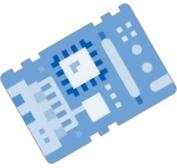

Hacer un moodboard de inspiración para su battlebot.

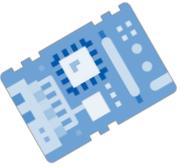

¿Qué es un moodboard? 🤔

Un moodboard es un tablero de inspiración que ayuda a transmitir sus ideas, tipo collage en donde pueden agregar fotos, dibujos, colores, texturas, etc.

La próxima clase deben traer su moodboard en formato físico o digital.

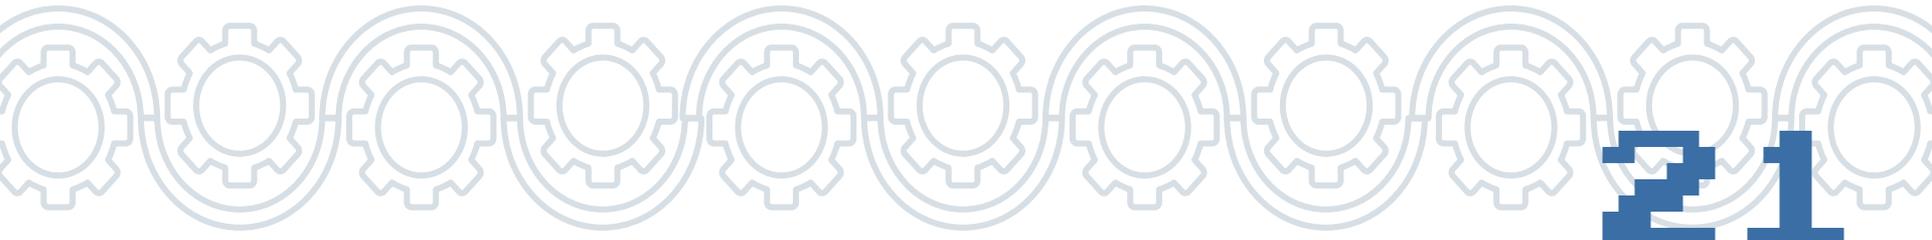

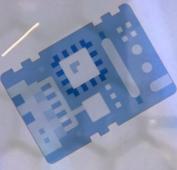

Tarea 0.2: Instalar Fusion 360

1. Entrar a [Student and Education Software](#) (ver video <https://youtu.be/UCMM8kE7QQ4/>)
2. Crearse una cuenta autodesk con el mail institucional y **datos correspondientes**
 - a. Verificar que les toma como estudiantes de la Universidad
 - b. Ir a "administrar productos y descargas"-> Descargar instalador->Iniciar sesión
