

Regulación de la Presión Arterial

Efectores del Sistema Cardiovascular

- **Miocardio contráctil: VE**
- **Miocardio específico: FC**
- **Músculo liso arteriolar: RPT**
- **Músculo liso venoso : PV, RV.**

Regulación de la RPT

Inervación de la gran circulación.

Sistema presorreceptor.

Barorreceptores Aórtico y Seno Carotídeo

Barorreceptores

Áreas Barorreceptoras

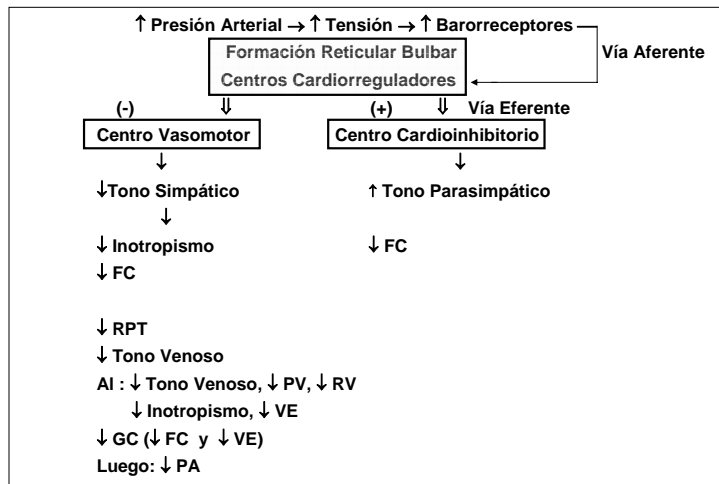

Descarga Aferente Seno Carotídea

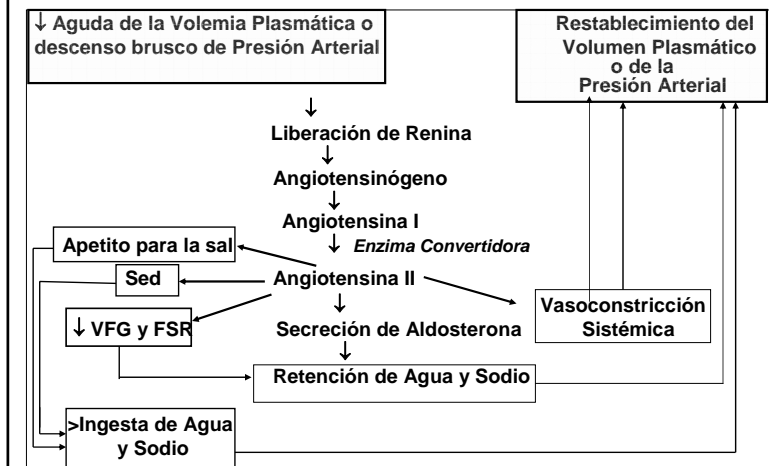

Hipotensión Seno Carotídea

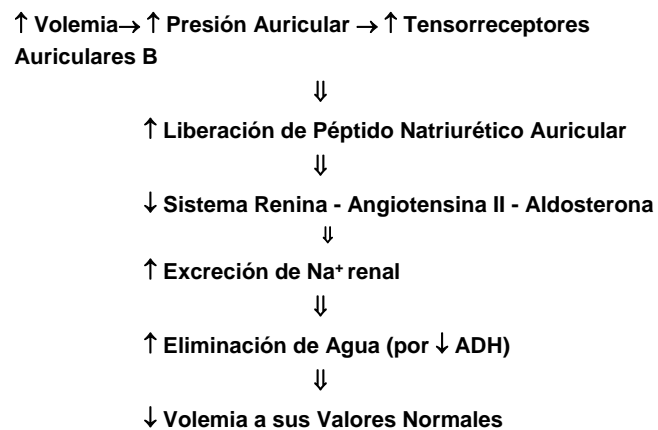

Reflejo Barorreceptor

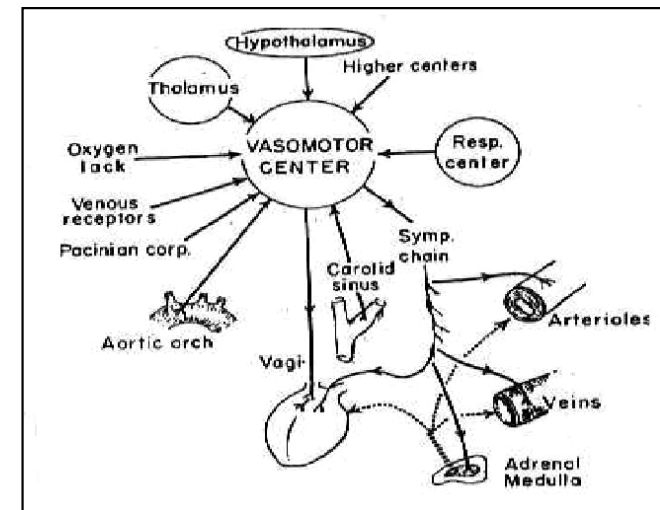

Regulación de la Volemia Sistema Renina – Angiotensina - Aldosterona

Regulación de la Volemia por Tensorreceptores Auriculares Tipo B

Regulación Central

Regulación Central
